1.1 Invitation to Proponents

This Request for Proposals (the “RFP”) is an invitation by Brock University (the “University”) to prospective proponents to submit proposals for **Mackenzie Chown A-Block (MCA) Phase 2 - Renovation & Addition**, as further described in Section A of the RFP Particulars (Appendix E) (the “Deliverables”).

About Brock University

Founded in 1964 in scenic Niagara, Ontario, Brock is a comprehensive university located atop the Niagara Escarpment, a UNESCO World Biosphere Reserve. A diverse and welcoming community, Brock is comprised of 19,000 students, 5,000 faculty and staff and more than 100 undergraduate and graduate programs in seven Faculties. Brock excels at providing exceptional experiential learning opportunities and highly-rated student and campus life experiences, including one of the most diversified co-operative education programs in the country. Brock is also home to a community of highly regarded scholars in many disciplines who are undertaking impactful research and making significant contributions to knowledge and society.

The project involves renovating an interior office space of approximately 425m² and a vestibule addition of approximately 33m² that connects the Mackenzie Chown A Block with the Goodman School of Business building at Level 200 (ground floor). The interior project scope includes architectural, electrical, and mechanical modifications for new offices, multi-occupant spaces and corridors. The exterior scope involves selective removals, construction of steel framed vestibule, electrical and mechanical service installs (fed from existing sources), flooring, glazing and door installs, construction of concrete sidewalk and associated restoration. Phase 1 of the project, abatement and demolition, is underway. Anticipated completion is November 25, 2022.

The terms and conditions found in the Form of Agreement (Appendix A) are to form the basis for commencing negotiations between the University and the selected proponent. - (i) One year after Substantial Performance of the Work; or
- (ii) the date the Consultant has certified Total Completion of the Project

with an option in favor of the University to extend the agreement on the same terms and conditions for an additional term of up to three (3) months. It is anticipated that the agreement will be executed on or around early January 2023.

Joint submissions are acceptable however if a joint submission is made, the submission must clearly indicate which party will act as the prime contractor.

1.5.3 Two-Envelope System

Proposals must be submitted in two envelopes.

End of Part 1

Part 2 – Evaluation, Negotiation and Award

2.1 Stages of Evaluation and Negotiation

Brock University will conduct the evaluation of proposals and negotiations in the following stages:

2.2 Stage I – Mandatory Submission Requirements

Stage I will consist of a review to determine which proposals comply with all of the mandatory submission requirements. If a proposal fails to satisfy all of the mandatory submission requirements, the University will issue the proponent a rectification notice identifying the deficiencies and providing the proponent an opportunity to rectify the deficiencies. If the proponent fails to satisfy the mandatory submission requirements within the Rectification Period, its proposal will be rejected. The Rectification Period will begin to run from the date and time that the University issues a rectification notice to the proponent. The mandatory submission requirements are set out in Section C of the RFP Particulars (Appendix E).

The rectification process will be limited to only allowing rectification of the following components:

- Missing signature(s)
- Missing pages(s)
- Missing copies
- Acknowledgement of Addenda

2.3 Stage II – Evaluation

Stage II will consist of the following two sub-stages:

2.3.1 Mandatory Technical Requirements

The University will review the proposals to determine whether the mandatory technical requirements as set out in Section D of the RFP Particulars (Appendix E) have been met. Questions or queries on the part of the University as to whether a proposal has met the mandatory technical requirements will be subject to the verification and clarification process set out in Part 3.

2.3.2 Rated Criteria

The University will evaluate each qualified proposal on the basis of the non-price rated criteria as set out in Section F of the RFP Particulars (Appendix E).

2.4 Stage III – Pricing

Stage III will consist of a scoring of the submitted pricing of each qualified proposal in accordance with the price evaluation method set out in Rate Bid Form (Appendix C). The evaluation of price will be undertaken after the evaluation of mandatory requirements and rated criteria has been completed.

2.5 Stage IV – Ranking and Contract Negotiations

2.5.1 Ranking of Proponents

After the completion of Stage III, all scores from Stage II and Stage III will be added together and the proponents will be ranked based on their total scores. The top-ranked proponent will receive a written invitation to enter into direct contract negotiations to finalize the agreement with the University.

Tie Score

In the event that two or more proponents obtain an identical proposal score, the following tie-breaking measures will be used to select the successful proponent:

- the Proposal with the highest points for Price (to three decimal places); and if still tied,
- the Proposal with the highest points for **Experience and Qualifications**; and if still tied,
- the selected proponent will be determined by way of a coin toss.

2.5.2 Contract Negotiation Process

Any negotiations will be subject to the process rules contained in the Terms and Conditions of the RFP Process (Part 3) and will not constitute a legally binding offer to enter into a contract on the part of the University or the proponent and there will be no legally binding relationship created with any proponent prior to the execution of a written agreement. The terms and conditions found in the Form of Agreement (Appendix A – CCDC 2 including Supplementary Conditions) are to form the basis for commencing negotiations between the University and the selected proponent. Negotiations may include requests by the University for supplementary information from the proponent to verify, clarify or supplement the information provided in its proposal or to confirm the conclusions reached in the evaluation, and may include requests by the University for improved pricing or performance terms from the proponent.

2.5.3 Time Period for Negotiations

The University intends to conclude negotiations and finalize the agreement with the top-ranked proponent during the Contract Negotiation Period, commencing from the date the University invites the top-ranked proponent to enter negotiations. A proponent

invited to enter into direct contract negotiations should therefore be prepared to satisfy the pre-conditions of award listed in Section E of the RFP Particulars (Appendix E), provide requested information in a timely fashion and conduct its negotiations expeditiously.

2.5.4 Failure to Enter into Agreement

If the pre-conditions of award listed in Section E of the RFP Particulars (Appendix E) are not satisfied or if the parties cannot conclude negotiations and finalize the agreement for the Deliverables within the Contract Negotiation Period, the University may discontinue negotiations with the top-ranked proponent and may invite the next-best-ranked proponent to enter into negotiations. This process will continue until an agreement is finalized, until there are no more proponents remaining that are eligible for negotiations or until the University elects to cancel the RFP process.

2.5.5 Notification of Negotiation Status

Other proponents that may become eligible for contract negotiations may be notified at the commencement of the negotiation process with the top-ranked proponent.

End of Part 2

The University may contract with others for goods and services the same as or similar to the Deliverables or may obtain such goods and services internally.

3.2 Communication after Issuance of RFP

3.2.1 Proponents to Review RFP

Proponents should promptly examine all of the documents comprising this RFP, and may direct questions or seek additional information in writing by email to the RFP Contact on or before the Deadline for Questions. 3.2.4 Verify, Clarify and Supplement

When evaluating proposals, the University may request further information from the proponent or third parties in order to verify, clarify or supplement the information provided in the proponent's proposal, including but not limited to clarification with respect to whether a proposal meets the mandatory technical requirements set out in

Section D of the RFP Particulars (Appendix E). The University may revisit, re-evaluate and rescore the proponent's response or ranking on the basis of any such information.

3.3 Notification and Debriefing

3.3.1 Notification to Other Proponents

Once an agreement is executed by the University and a proponent, the other proponents will be notified by public posting, in the same manner that this RFP was originally posted, of the outcome of the procurement process.

3.3.2 Debriefing

Proponents may request a debriefing after publication of the outcome of the procurement process. All requests must be in writing to the RFP Contact and must be made within sixty (60) days of such notification.

3.3.3 Dispute Resolution Process

If a proponent wishes to challenge the RFP process, it should provide written notice to the RFP Contact in accordance with the University's dispute resolution process and any applicable trade agreement or other applicable bid protest procedures. The notice must provide a detailed explanation of the proponent's concerns with the procurement process or its outcome.

3.4 Conflict of Interest and Prohibited Conduct

3.4.1 Conflict of Interest

For the purposes of this RFP, the term "Conflict of Interest" includes, but is not limited to, any situation or circumstance where:

- (a) in relation to the RFP process, the proponent has an unfair advantage or engages in conduct, directly or indirectly, that may give it an unfair advantage, including but not limited to (i) having, or having access to, confidential information of the University in the preparation of its proposal that is not available to other proponents, (ii) communicating with any person with a view to influencing preferred treatment in the RFP process (including but not limited to the lobbying of decision makers involved in the RFP process), or (iii) engaging in conduct that compromises, or could be seen to compromise, the integrity of the open and competitive RFP process or render that process non-competitive or unfair; or
- (b) in relation to the performance of its contractual obligations under a contract for the Deliverables, the proponent's other commitments, relationships or financial interests (i) could, or could be seen to, exercise an improper influence over the objective, unbiased and impartial exercise of its independent judgement, or (ii)

could, or could be seen to, compromise, impair or be incompatible with the effective performance of its contractual obligations.

3.4.2 Disqualification for Conflict of Interest

The University may disqualify a proponent for any conduct, situation or circumstances, determined by the University, in its sole and absolute discretion, to constitute a Conflict of Interest as defined above.

3.4.3 Disqualification for Prohibited Conduct

The University may disqualify a proponent, rescind an invitation to negotiate or terminate a contract subsequently entered into if the University determines that the proponent has engaged in any conduct prohibited by this RFP.

3.4.4 Prohibited Proponent Communications

Proponents must not engage in any communications that could constitute a Conflict of Interest and should take note of the Conflict of Interest declaration set out in the Submission Form (Appendix B).

3.4.5 Proponent Not to Communicate with Media

Proponents must not engage in any unethical conduct, including lobbying, as described above, or other inappropriate communications; offering gifts to any employees, officers, agents, elected or appointed officials or other representatives of the University; deceitfulness; submitting proposals containing misrepresentations or other misleading or inaccurate information; or any other conduct that compromises or may be seen to compromise the competitive process provided for in this RFP.

3.4.8 Past Performance or Past Conduct

The University may prohibit a supplier from participating in a procurement process based on past performance or based on inappropriate conduct in a prior procurement process, including but not limited to the following: (a) illegal or unethical conduct as described above; (b) the refusal of the supplier to honour its submitted pricing or other commitments; or (c) any conduct, situation or circumstance determined by the University, in its sole and absolute discretion, to have constituted an undisclosed Conflict of Interest.

3.5 Confidential Information

3.5.1 Confidential Information of Brock University

All information provided by or obtained from the University in any form in connection with this RFP either before or after the issuance of this RFP (a) is the sole property of the University and must be treated as confidential; (b) is not to be used for any purpose other than replying to this RFP and the performance of any subsequent contract for the Deliverables; (c) must not be disclosed without prior written authorization from the University; and d) must be returned or otherwise destroyed by the proponent to the University immediately upon the request of Brock University.

3.5.2 Confidential Information of Proponent

A proponent should identify any information in its proposal or any accompanying documentation supplied in confidence for which confidentiality is to be maintained by the University. The confidentiality of such information will be maintained by the University, except as otherwise required by law or by order of a court or tribunal. Proponents are advised that their proposals will, as necessary, be disclosed, on a confidential basis, to advisers retained by the University to advise or assist with the RFP process, including the evaluation of proposals. If a proponent has any questions about the collection and use of personal information pursuant to this RFP, questions are to be submitted to the RFP Contact.

3.6 Procurement Process Non-binding

3.6.1 No Contract A and No Claims

This procurement process is not intended to create and will not create a formal, legally binding bidding process and will instead be governed by the law applicable to direct commercial negotiations. For greater certainty and without limitation: (a) this RFP will not give rise to any Contract A–based tendering law duties or any other legal obligations arising out of any process contract or collateral contract; and (b) neither the proponent nor the University will have the right to make any claims (in contract, tort, or otherwise) against the other with respect to the award of a contract, failure to award a contract or failure to honour a proposal submitted in response to this RFP.

3.6.2 No Contract until Execution of Written Agreement

This RFP process is intended to identify prospective suppliers for the purposes of negotiating potential agreements. No legal relationship or obligation regarding the procurement of any good or service will be created between the proponent and the University by this RFP process until the successful negotiation and execution of a written agreement for the acquisition of such goods and/or services.

3.6.3 Non-Binding Price Estimates

While the pricing information provided in proposals will be non-binding prior to the execution of a written agreement, such information will be assessed during the evaluation of the proposals and the ranking of the proponents. Any inaccurate, misleading or incomplete information, including withdrawn or altered pricing, could adversely impact any such evaluation or ranking or the decision of the University to enter into an agreement for the Deliverables.

3.6.4 Cancellation

The University may cancel or amend the RFP process without liability at any time.

3.7 Governing Law and Interpretation

These Terms and Conditions of the RFP Process (Part 3) (a) are intended to be interpreted broadly and independently (with no particular provision intended to limit the scope of any other provision); (b) are non-exhaustive and will not be construed as intending to limit the pre-existing rights of the parties to engage in pre-contractual discussions in accordance with the common law governing direct commercial negotiations; and (c) are to be governed by and construed in accordance with the laws of the province of Ontario and the federal laws of Canada applicable therein.
