1 TENDER DOCUMENTS

- 1.1 Tender Documents are available through MERX or as otherwise directed by Defence Construction Canada in the Invitation to Tender. Tenders received from firms whose names do not appear on the official plan takers list may be declared invalid.
- 1.2 All inquiries regarding the tender are to be submitted in writing and only to the Contracting Authority named in the tender notice. Failure to comply with this provision may, for this reason alone, result in disqualification of a tender. Inquiries received within five (5) business days prior to tender closing will not be answered. Inquiries that are of general interest and require modification(s) to the Tender Documents will be issued by amendment to all plan takers.

2 DCC PROCUREMENT CODE OF CONDUCT

- 2.1 Tenderers shall comply with the DCC Procurement Code of Conduct.
- 2.2 DCC will verify compliance with the DCC Procurement Code of Conduct, through independent research, the use of any government resources or by contacting third parties. Depending on the results of this verification, a Criminal Record Verification may be requested.
- 2.3 Tenderers shall, within 48 hours of receipt of a written request from DCC, provide to DCC the following: the names of owners, directors, officers, controlling shareholders as described in Section 3 of the DCC Procurement Code of Conduct, or a duly completed Consent for Criminal Record Verification (CCRV) form.

3 COMPLETION OF TENDER

- 3.1 The tender shall:
 - 3.1.1 be submitted using the Electronic Bidding System and the system's identification and authentication process;
 - 3.1.2 be based on the Tender Documents listed in the acknowledgement form; and
 - 3.1.3 be accompanied by:
 - .1 bid security, if required, as specified in clause 5, and
 - .2 any other document or documents specified elsewhere in the Tender Documents where it is stipulated that they are to accompany the tender.
- 3.2 Any condition or qualification provided with the tender shall render the tender invalid and be direct cause for disqualification. Subject to the provisions of 8.5, failure to provide the information requested in the Tender Documents may render the tender invalid.
- 3.3 Only the tender submitted through the Electronic Bidding System will be accepted as a valid tender.

4 REVISIONS TO THE TENDER

- 4.1 Any revision to a tender must be done using the Electronic Bidding System by revising the information on-line.

INSTRUCTIONS TO TENDERERS FOR ELECTRONIC BIDDING

- 4.2 Failure to comply with the above provision will result in the rejection of the revision(s). The tender shall be evaluated based solely on the information submitted through the Electronic Bidding System.

5 BID SECURITY REQUIREMENTS

- 5.1 When specifically called for through the Electronic Bidding System, the Tenderer shall submit bid security with the tender in the form of an electronic bid bond or wire transfer in an amount that is equal to not less than 10 percent of the tender amount. Federal and provincial sales taxes shall not be included when calculating the amount of any bid security that may be required. The maximum amount of bid security required with any tender is \$2,000,000.
- 5.2 An electronic bid bond shall be:
- 5.2.1 in an approved form as described in DCL 32 – General Conditions;
 - 5.2.2 prepared in accordance with provincial/territorial electronic documents and commerce legislation;
 - 5.2.3 submitted through the Electronic Bidding System;
 - 5.2.4 issued by an approved company whose bonds are acceptable to the Government of Canada or that is listed on the Treasury Board Secretariat's website at <http://www.tbs-sct.gc.ca/pol/doc-eng.aspx?id=14494> (scroll down to "Appendix L – Acceptable Bonding Companies");
 - 5.2.5 digitally signed and sealed through the use of a third party digital service provider; and
 - 5.2.6 digitally verifiable and the results of the digital verification performed by Defence Construction Canada shall provide a clear and unequivocal indication that the document received is the true document executed and that the content has not been changed or altered. Instructions for performing the digital verification shall be included with the bond. In order to reduce the possibility of a failed verification, Tenderers are advised to perform a digital verification prior to submitting the electronic bid bond through the Electronic Bidding System.
- 5.3 A wire transfer shall:
- 5.3.1 be sent to the account number provided in the Electronic Bidding System;
 - 5.3.2 contain the reference number provided by the Electronic Bidding System;
 - 5.3.3 be made through:
 - .1 a corporation or institution that is a member of the Canadian Payments Association, or
 - .2 a corporation, association or federation incorporated or organized as a credit union or cooperative credit society that conforms to the requirements of a credit union which are more particularly described in paragraph 137(6)(b) of the *Income Tax Act*; and
 - 5.3.4 be received by Defence Construction Canada not later than the date and time specified for the Electronic Bidding System closing. Tenderers are

INSTRUCTIONS TO TENDERERS FOR ELECTRONIC BIDDING

advised to allow sufficient time for the wire transfer to be completed. Tenderers are further advised that direct deposits, or any other types or forms of electronic funds transfers which do not allow Defence Construction Canada to determine the exact date and time the funds were received, are not acceptable and will result in the rejection of the tender.

5.4 If the tender is accepted:

5.4.1 Contract security must be provided by the successful Tenderer pursuant to GC9 of DCL 32 – General Conditions when the tender amount is greater than \$100,000.00 or, if the tender amount is less than \$100,000.00, when bid security is required pursuant to paragraph 5.1.

5.4.2 Bid security in the form of a wire transfer, as prescribed in paragraph 5.3, will be applied to and form part of the contract security.

5.5 If the tender is not accepted, bid security in the form prescribed in paragraph 5.3 will be returned to the Tenderer by way of direct deposit. Tenderers that have not previously had bid security returned by way of direct deposit will be contacted by Defence Construction Canada and provided with further instructions.

6 LISTING OF SUBCONTRACTORS AND SUPPLIERS

6.1 Notwithstanding any list of subcontractors which the Tenderer may be required to submit as part of the tender, the Tenderer shall, within 48 hours of receipt of a written request from Defence Construction Canada, submit the names of subcontractors and suppliers for the part or parts of the work listed in the said request. Failure to do so may result in disqualification of its tender.

6.2 No subcontractor who holds a restricted license under the *Quebec Building Act* (CQLR, c. B-1.1) can be included by the Tenderer in its list of subcontractors mentioned in paragraph 6.1 above and selected for execution of work failing which the Tenderer must submit a revised list.

7 SUBMISSION OF TENDER

7.1 The Tender shall be submitted through the Electronic Bidding System not later than the date and time specified for the Electronic Bidding System closing. Tenders submitted after Electronic Bidding System closing date and time will not be allowed by the Electronic Bidding System.

7.2 The time as indicated on the Electronic Bidding System shall be the official time for the Electronic Bidding System closing.

7.3 DCC is neither liable nor responsible for costs incurred by Tenderers in the preparation, submission, or presentation of their tender. Tenderers will be required to accept on-line the Terms and Conditions for the Electronic Bidding System.

8 ACCEPTANCE OF TENDER

8.1 It is our intent to award this contract to the Tenderer that submits the lowest compliant tender. However, Defence Construction Canada may accept any tender, whether it is the lowest or not, or may reject any or all tenders.

INSTRUCTIONS TO TENDERERS FOR ELECTRONIC BIDDING

- 8.2 Without limiting the generality of paragraph 8.1, Defence Construction Canada may reject a tender if:
- 8.2.1 the information contained in the certification contemplated in the tender regarding the DCC Procurement Code of Conduct is determined to be untrue in any respect by DCC;
 - 8.2.2 a Tenderer has been declared ineligible or has been suspended by Public Services and Procurement Canada under its *Ineligibility and Suspension Policy* and the period of ineligibility or suspension has not expired;
 - 8.2.3 the Tenderer has failed to comply with the provisions of Section 2 of these instructions;
 - 8.2.4 the bidding privileges of the Tenderer or subcontractor included as part of the tender are suspended or are in the process of being suspended; or
 - 8.2.5 with respect to current or prior transactions with Defence Construction Canada,
 - .1 the Tenderer is bankrupt or if, for whatever reason, its activities are rendered inoperable for an extended period;
 - .2 evidence, satisfactory to Defence Construction Canada, of fraud, bribery, fraudulent misrepresentation or failure to comply with any law protecting individuals against any manner of discrimination, has been received with respect to the Tenderer, any of its employees or any subcontractor included as part of its tender;
 - .3 Defence Construction Canada has exercised, or intends to exercise, the contractual remedy of taking the work out of the contractor's hands with respect to a contract with the Tenderer, any of its employees or any subcontractor included as part of its tender; or
 - .4 Defence Construction Canada determines that the Tenderer's performance on other contracts is sufficiently poor to jeopardize the successful completion of the requirement being bid on.
- 8.3 In assessing the Tenderer's performance on other contracts pursuant to paragraph 8.2.5.4, Defence Construction Canada may consider, but not be limited to, such matters as:
- 8.3.1 the quality of workmanship in performing the Work;
 - 8.3.2 the timeliness of completion of the Work;
 - 8.3.3 the overall management of the Work and its effect on the level of effort demanded of the Corporation and its representatives; and
 - 8.3.4 the completeness and effectiveness of the Contractor's safety program during the performance of the Work.
- 8.4 Without limiting the generality of paragraphs 8.1, 8.2 and 8.3, Defence Construction Canada may reject any tender based on an unfavourable assessment of the:
- 8.4.1 adequacy of the tendered price to permit the work to be carried out and, in case of a tender providing unit prices or a combination of lump sum and

INSTRUCTIONS TO TENDERERS FOR ELECTRONIC BIDDING

unit prices, whether each such price reasonably reflects the cost of performing the part of the work to which that price applies;

- 8.4.2 Tenderer's ability to provide the necessary management structure, skilled personnel, experience and equipment to perform competently the work under the contract; or
- 8.4.3 Tenderer's performance on other contracts.
- 8.5 Defence Construction Canada may, at its sole discretion, waive or cause to be corrected minor irregularities in tenders if Defence Construction Canada determines at its sole discretion that the variation of the tender from the exact requirements set out in the Tender Documents can be corrected or waived without being prejudicial to other Tenderers.
- 8.6 Defence Construction Canada reserves the right, at its sole discretion, to negotiate or invite new tenders, in cases where the lowest acceptable tender exceeds the advertised budget amount. Negotiations or the invitation of new tenders will be conducted as follows:
- 8.6.1 In the event that the lowest compliant tender exceeds the amount of funding Canada has allocated for the construction phase of the work
- .1 by 15% or less, Canada, at its sole discretion, shall either
 - .1 cancel the tender call;
 - .2 obtain additional funding and, subject to the provisions of clause 8 of the Instructions to Tenderers, award the Contract to the Tenderer submitting the lowest compliant tender; or
 - .3 revise the scope of the work accordingly and negotiate, with the Tenderer submitting the lowest compliant tender, a corresponding reduction in its tendered price.
 - .2 by more than 15%, Canada, at its sole discretion, shall either
 - .1 cancel the tender call;
 - .2 obtain additional funding and, subject to the provisions of clause 8 of the Instructions to Tenderers, award the Contract to the Tenderer submitting the lowest compliant tender; or
 - .3 revise the scope of the work accordingly and invite those who submitted compliant tenders at the original tender call to re-tender the work.
- 8.6.2 If negotiations or re-tender are undertaken as is contemplated in 8.6.1.1.3 or 8.6.1.2.3, Tenderers shall retain the same subcontractors and suppliers as they carried in their original tender submissions.
- 8.6.3 If Canada elects to negotiate a reduction in the tendered price as is contemplated in 8.6.1.1.3 and the negotiations fail to reach an agreement, Canada shall then exercise either of the options referred to in 8.6.1.1.1 or 8.6.1.1.2.

INSTRUCTIONS TO TENDERERS FOR ELECTRONIC BIDDING

- 8.7 The tender validity period may be extended for a specific period of time, but only upon written request by Defence Construction Canada and only upon agreement of the Tenderer. DCC reserves the right, at its sole discretion, to enter into or terminate negotiations for any adjustments in tender price or completion date if circumstances warrant such an action.
- 8.8 For the purpose of clauses 8.2, 8.3 and 8.4 above the Tenderer also means person or persons holding controlling interest in the corporation, partnership or sole proprietorship.
- 8.9 Conflict of Interest – Unfair Advantage
- 8.9.1 In order to protect the integrity of the procurement process, Tenderers are advised that Defence Construction Canada may reject a tender in the following circumstances:
- .1 If the Tenderer, any of its subcontractors, and of their respective employees or former employees was involved in any manner in the preparation of the bid solicitation;
 - .2 If the Tenderer, any of its subcontractors, and of their respective employees or former employees had access to information related to the bid solicitation that was not available to other tenderers and that would, in Defence Construction Canada's opinion, give the Tenderer an unfair advantage.
- 8.9.2 The experience acquired by a Tenderer who is providing or has provided the services described in the bid solicitation (or similar services) will not, in itself, be considered by Defence Construction Canada as conferring an unfair advantage or creating a conflict of interest. The Tenderer, however, remains subject to the criteria established above.
- 8.9.3 Firms that have been engaged, on behalf of DCC, to perform consulting, design, estimating or construction phase services related to the work of this Project will be prohibited from either directly or indirectly submitting or participating in the preparation of a bid for this and any subsequent construction contracts related to this Project.
- 8.9.4 Tenderers who are in doubt about a particular situation should contact the Contracting Authority before tender closing. By submitting a tender, the Tenderer represents that it does not consider itself to be in a conflict of interest nor to have an unfair advantage. The Tenderer acknowledges that it is within Defence Construction Canada's sole discretion to determine whether a conflict of interest or unfair advantage exists.

9 ALTERNATIVE MATERIALS & PRICES

- 9.1 Whenever a material is specified by trade name or by manufacturer's name, the tender shall be based on the use of the named material or on the use of an alternative material which has been accepted, pursuant to a request that has been submitted in accordance with the requirements of the Request for Acceptance of Alternative Materials, DCL 242. During the tender period, alternative materials will be considered provided full technical data is received in writing by the Contracting

14.1.1 Goods and Services Tax (GST) / Harmonized Sales Taxes (HST) / Quebec Sales Tax (QST)

Tenderers are NOT to include any amounts for the GST, HST or the QST, whichever is applicable, and these taxes shall not be included when calculating the amount of any bid security or contract security that may be required. Any amount levied in respect of the GST, HST or the QST will be billed as a separate item in a progress claim submitted by the Contractor, and will be paid to the Contractor in addition to the amount approved by the DCC Representative for work performed under the Contract.

14.1.2 British Columbia, Manitoba and Saskatchewan Provincial Sales Tax (PST)

Tenderers are NOT to include any amounts for PST and these taxes shall not be included when calculating the amount of any bid security or contract security that may be required. Tenderers are advised that Defence Construction Canada purchases goods and services on behalf of the Department of National Defence and therefore receives an exemption from the payment of PST on the purchase of taxable goods and services in the provinces of British Columbia, Manitoba and Saskatchewan. Defence Construction Canada will provide the successful Tenderer with the information required to support the exemption (form FIN491 for British Columbia, an RST number for Manitoba and an exemption letter for Saskatchewan).

15 INTERNATIONAL SANCTIONS

15.1 Tenderers must ensure that no goods or services that originate, either directly or indirectly, from the countries subject to economic sanctions imposed by Canada, are included in their tender. Details on existing sanctions can be found on the Global Affairs Canada website.

16 DISPUTE RESOLUTION PROTOCOL

16.1 Defence Construction Canada recognizes the importance of considering the entire continuum of resolution resources to prevent or to settle contractual disputes. Defence Construction Canada is a leader in the application of a “partnering” process to design and construction contracts. “Partnering” encompasses an attitude recognizing that all the players in a project have common goals that can be achieved through cooperation and open communications. Moreover it includes a structured management process to help develop and sustain collaborative teamwork among individuals from different organizations, and guidelines for resolving disputes in a timely and effective manner. Further information on “partnering” is available on request.

16.2 Not even the best of intentions will eliminate all disputes in a system based on the interpretation of documents and competitive, public tendering. DCC will consider all alternative dispute resolution mechanisms that are appropriate to a situation,

INSTRUCTIONS TO TENDERERS FOR ELECTRONIC BIDDING

including facilitated negotiation, mediation, non-binding and binding arbitration, before proceeding to litigation. DCC has successfully used all of these methods in the past.

- 16.3 Nothing in this protocol in any way restricts Tenderers or the Corporation from resorting to litigation. In some cases it is the only acceptable option however it is the least preferred choice. The Corporation encourages all contractors to take into account this approach to doing business when entering into a contract with the Corporation.

Failure by the *Contractor* to so report shall invalidate any claims against *Canada* by reason of the deficiencies in the *Work* of other contractors or workers except those deficiencies that are not then reasonably discoverable; and
 - .5 when designated as being responsible for construction safety at the place of work in accordance with the applicable provincial or territorial laws, carry out its duties in that role and in accordance with those laws.

GENERAL CONDITIONS

- 3.7.4 If, when entering into the *Contract*, the *Contractor* could not have reasonably foreseen nor anticipated the sending of other contractors or workers on to the site of the *Work* and provided the *Contractor*
- .1 incurs extra expense in complying with the requirements of paragraph 3.7.3 of GC3.7; and
 - .2 gives *Canada* written notice of a claim for that extra expense within thirty (30) days of the date that the other contractors or workers were sent onto the *Work* or its site;

- 4.4.2 If the *Contractor* encounters a contaminated site condition of which the *Contractor* is not aware or about which the *Contractor* has not been advised, or if the *Contractor* has reasonable grounds to believe that such a site condition exists at the site of the *Work*, the *Contractor* shall

- 5.2.2 When making any payment to the *Contractor*, the failure of *Canada* to deduct an amount payable to *Canada* by the *Contractor* shall not constitute a waiver of the right to do so, or an admission of lack of entitlement to do so in any subsequent payment to the *Contractor*.
- 5.2.3 Should any payment be made by *Canada* in excess of what is owed to the *Contractor* for the actual work performed, the *Contractor* will reimburse *Canada* the excess immediately, with or without demand, and any amounts outstanding shall bear simple interest at the Average Bank rate plus 3 percent per annum from the date of overpayment until the day prior to the date of repayment by the *Contractor*.

- 5.3.1 The *Contract Amount* shall not be increased nor decreased by reason of any increase or decrease in the cost of the *Work* that is brought about by an increase or decrease in the cost of labour, *Plant*, *Material* or any wage adjustment arising pursuant to the Labour Conditions.
- 5.3.2 Notwithstanding paragraph 5.3.1 of GC5.3, if any change, including a new imposition or repeal, of any tax, customs or other duty, charge, or any similar imposition that is imposed under sales, customs or excise tax legislation of the Government of Canada or any Provincial or Territorial legislation, affects the cost of the *Work* to the *Contractor*, and occurs
- .1 after the date of submission by the *Contractor* of its tender; or
 - .2 after the date of submission of the last revision, if the *Contractor's* tender was revised;

the *Contract Amount* shall be adjusted in the manner provided in paragraph 5.3.3 of GC5.3.

- 5.3.3 If a change referred to in paragraph 5.3.2 of GC5.3 occurs, the *Contract Amount* shall be increased or decreased by an amount established by an examination by *Canada* of the relevant records of the *Contractor* referred to in GC2.8, "Accounts and Audits", to be the increase or decrease in the cost incurred by the *Contractor* that is directly attributable to that change.
- 5.3.4 For the purpose of paragraph 5.3.2 of GC5.3, if a tax is changed after the tender closing, but public notice of the change has been given by the Minister of Finance or the corresponding Provincial or Territorial authority before that closing, the change shall be deemed to have occurred before the tender closing.
- 5.3.5 Notwithstanding paragraphs 5.3.2 to 5.3.4 of GC5.3, no adjustment to the *Contract Amount* in respect of the *Work* or a part *thereof* shall be made for a change in any imposition referred to in this section that occurs after the date required by the *Contract* for completion of the *Work* or that part of the *Work*.
- ### 5.4 Progress Payment
- 5.4.1 On the expiration of a payment period, the *Contractor* shall deliver to the *DCC Representative*
- .1 a written progress claim in a form acceptable to the *DCC Representative* that fully describes any part of the *Work* that has been completed, and any *Material* that was delivered to the *Work* site but not incorporated into the *Work*, during that payment period, and
 - .2 a completed and signed statutory declaration containing a declaration that, up to the date of the progress claim, the *Contractor* has complied with all lawful obligations with respect to the Labour Conditions and that, in respect of the *Work*, all lawful obligations of the *Contractor* to its Subcontractors and Suppliers, referred to collectively in the declaration as "subcontractors and suppliers", have been fully discharged.

GENERAL CONDITIONS

- 5.4.2 Within ten (10) days of receipt of a progress claim and statutory declaration from the *Contractor*, the *DCC Representative* shall inspect, or cause to have inspected, the part of the *Work* and the *Material* described in the progress claim, and shall issue a progress report to the *Contractor*, that indicates the value of the part of the *Work* and the *Material* described in the progress claim that, in the opinion of the *DCC Representative*
- .1 is in accordance with the *Contract*; and
 - .2 was not included in any other progress report relating to the *Contract*.
- 5.4.3 Subject to GC5.2, "Amount Payable", and paragraph 5.4.5 of GC5.4, *Canada* shall pay the *Contractor* an amount that is equal to
- .1 95% of the value that is indicated in *Canada's* progress report if a labour and material payment bond has been furnished by the *Contractor*; or
 - .2 90% of the value that is indicated in *Canada's* progress report if a labour and material payment bond has not been furnished by the *Contractor*.
- 5.4.4 *Canada* shall pay the amount referred to in paragraph 5.4.3 of GC5.4 not later than thirty (30) days after receipt by the *DCC Representative*
- .1 of both a progress claim and a statutory declaration referred to in paragraph 5.4.1 of GC5.4; or
 - .2 an updated progress schedule, in accordance with GC3.1, "Progress Schedule".
- 5.4.5 In the case of the *Contractor's* first progress claim, it is a condition precedent to *Canada's* obligation under paragraph 5.4.3 of GC5.4 that the *Contractor* has provided all necessary documentation required by the *Contract* for the first progress claim.
- 5.5 Substantial Completion of the *Work*
- 5.5.1 If, at any time before the issuance of a *Final Certificate of Completion*, the *DCC Representative* determines that the *Work* has reached Substantial Completion as described in paragraph 1.1.4.1.2 of GC1.1.4, "Substantial Completion", the *DCC Representative* shall issue an *Interim Certificate of Completion* to the *Contractor*. The *Interim Certificate of Completion* shall state or describe
- .1 the date of Substantial Completion;
 - .2 the parts of the *Work* not completed to the satisfaction of *Canada*; and
 - .3 all things that must be done by the *Contractor* before a *Final Certificate of Completion* is issued and before the twelve (12)-month warranty period referred to in GC3.13, "Warranty and Rectification of Defects in *Work*", commences for the said parts and all the said things.
- 5.5.2 The issuance of an *Interim Certificate of Completion* does not relieve the *Contractor* from the *Contractor's* obligations under GC3.11, "Defective *Work*".

GENERAL CONDITIONS

- 5.5.3 Subject to GC5.2, "Amount Payable", and paragraph 5.5.4 of GC5.5, *Canada* shall pay the *Contractor* the amount referred to in paragraph 5.2.1 of GC5.2, "Amount Payable", less the aggregate of
- .1 the sum of all payments that were made pursuant to GC5.4, "Progress Payment";
 - .2 an amount that is equal to the *DCC Representative's* estimate of the cost to *Canada* of rectifying defects described in the *Interim Certificate of Completion*; and
 - .3 an amount that is equal to the *DCC Representative's* estimate of the cost to *Canada* of completing the parts of the *Work* described in the *Interim Certificate of Completion* other than defects listed *therein*.
- 5.5.4 *Canada* shall pay the amount referred to in paragraph 5.5.3 of GC5.5 not later than thirty (30) days after
- .1 the date of issue of an Interim Certificate of Completion, or
 - .2 the *Contractor* has delivered to the *DCC Representative*
 - .1 a statutory declaration containing a declaration by the *Contractor* that up to the date of the Certificate of Interim Completion, the *Contractor* has complied with all lawful obligations with respect to the Labour Conditions, discharged all its lawful obligations to its Subcontractors and Suppliers in respect of the *Work* under the *Contract*, and discharged its lawful obligations referred to in GC1.8, "Laws, Permits and Taxes";
 - .2 evidence of compliance with workers' compensation legislation in accordance with GC1.9, "Workers' Compensation"; and
 - .3 an update of the progress schedule in accordance with the requirements of GC3.1, "Progress Schedule".
- 5.6 Final Completion
- 5.6.1 When the *DCC Representative* is of the opinion that the *Contractor* has complied with the *Contract* and all orders and directions made pursuant thereto, and that the *Work* has been completed as described in GC1.1.5, "Completion", the *DCC Representative* shall issue a *Final Certificate of Completion* to the *Contractor* and, if the *Work* or a portion of the *Work* is subject to a *Unit Price Arrangement*, the *DCC Representative* shall issue a Certificate of Final *Quantities Adjustment Sheet* that shall, subject to GC8, be binding upon and conclusive between *Canada* and the *Contractor* as to the quantities referred to *therein*.
- 5.6.2 Subject to GC5.2, "Amount Payable", and paragraph 5.6.3 of GC5.6, *Canada* shall pay the *Contractor* the amount referred to in GC5.2, "Amount Payable", less the aggregate of the sum of all payments that were made pursuant to GC5.4, "Progress Payment", and GC5.5, "Substantial Completion of *Work*".

GENERAL CONDITIONS

- 5.6.3 *Canada* shall pay the amount referred to in paragraph 5.6.2 of GC5.6 not later than thirty (30) days after
- .1 the date of issue of a Final Certificate of Completion; or
 - .2 the *Contractor* has delivered to the *DCC Representative*
 - .1 a statutory declaration which contains a declaration by the *Contractor* that all of the *Contractor's* lawful obligations and any lawful claims against the *Contractor* that arose out of the performance of the *Contract* have been discharged and satisfied; and
 - .2 evidence of compliance with workers' compensation legislation in accordance with GC1.9, "Workers' Compensation".
- 5.7 Payment Not Binding on *Canada*
- 5.7.1 Neither acceptance of a progress claim or progress report, nor any payment made by *Canada* under the *Contract*, nor partial or entire use or occupancy of the *Work* by *Canada* shall constitute an acceptance by *Canada* of any portion of the *Work* or *Material* that is not in accordance with the requirements of the *Contract*.
- 5.8 Claims and Obligations
- 5.8.1 The *Contractor* shall discharge all the *Contractor's* lawful obligations and shall satisfy all lawful claims against the *Contractor* arising out of the performance of the *Work* at least as often as the *Contract* requires *Canada* to pay the *Contractor*.
- 5.8.2 Whenever requested to do so by *Canada*, the *Contractor* shall make a statutory declaration declaring to the existence and condition of any obligations and claims against the *Contractor* arising out of the performance of the *Work*.
- 5.8.3 In order to discharge lawful obligations of and satisfy lawful claims against the *Contractor* or its Subcontractors arising out of the performance of the *Contract*, *Canada* may pay an amount that is due and payable to the *Contractor* directly to the claimant. Such payment is, to the extent of the payment, a discharge of *Canada's* liability to the *Contractor* under the *Contract* and may be deducted from any amount payable to the *Contractor* under the *Contract*.
- 5.8.4 For the purposes of paragraph 5.8.3 of GC5.8, and subject to paragraph 5.8.6 of GC5.8, a claim or obligation shall be considered lawful when it is so determined by
- .1 a court of legal jurisdiction;
 - .2 an arbitrator duly appointed to arbitrate the claim; or
 - .3 the written consent of the *Contractor* authorizing payment of the claim or obligation.
- 5.8.5 If a claim or obligation would have been subject to the provisions of Provincial or Territorial lien legislation or, in the Province of Quebec, the law relating to

GENERAL CONDITIONS

legal hypothecs had the *Contractor* been performing the *Work* for an entity other than *Canada*

- .1 such amount as may be paid by *Canada* pursuant to paragraphs 5.8.3 and 5.8.4 of GC5.8 shall not exceed the amount that the *Contractor* would have been obliged to pay had the provisions of such legislation or law been applicable to the *Work*;
- .2 a claimant need not comply with the provisions of such legislation, setting out the steps by way of notice, registration or otherwise as might have been necessary to preserve or perfect any claim for lien or privilege which the claimant might have had; and
- .3 for the purposes of determining the entitlement of a claimant, the notice required by paragraph 5.8 of GC5.8 shall be deemed to replace the registration or provision of notice after the performance of *work* as required by any applicable legislation and no claim shall be deemed to have expired, become void or unenforceable by reason of the claimant not commencing any action within the time prescribed by such legislation.

5.8.6 The *Contractor* shall, at the request of any claimant, submit to binding arbitration those questions that need to be answered to establish the entitlement of the claimant to payment. The arbitration shall have as parties to it any *Subcontractor* or *Supplier* to whom the claimant supplied *Material*, performed *Work* or rented equipment should such *Subcontractor* or *Supplier* wish to be adjoined, and *Canada* shall not be a party to such arbitration. Subject to any agreement between the *Contractor* and the claimant, the arbitration shall be conducted in accordance with the governing Provincial or Territorial legislation applicable to the site of the *Work*.

5.8.7 Paragraph 5.8.3 of GC5.8 shall apply only to claims and obligations

- .1 the notification of which has set forth the amount claimed to be owing and the *person* who by Contract is primarily liable and has been received by *Canada* in writing before final payment is made to the *Contractor* pursuant to GC5.6, "Final Completion", and within one-hundred and twenty (120) days of the date on which the claimant
 - .1 should have been paid in full under the claimant's contract with the *Contractor*, its *Subcontractor* or *Supplier* if the claim is for money that was lawfully required to be held back from the claimant; or
 - .2 performed the last of the services, *Work* or labour, or furnished the last of the *Material* pursuant to the claimant's contract with the *Contractor* or its *Subcontractor* or *Supplier* where the claim is for money not lawfully required to be held back from the claimant; and
- .2 the proceedings to determine the right to payment of which, pursuant to paragraph 5.8.5 of GC5.8, shall have commenced within one year from the date that the notification required by paragraph 5.8.7.1 of GC5.8 was received by *Canada*.

GENERAL CONDITIONS

- 5.8.8 Upon receipt of a notice of claim, *Canada* may withhold, from any amount that is due and payable to the *Contractor* pursuant to the *Contract*, the full amount of the claim or any portion thereof.
- 5.8.9 *Canada* shall notify the *Contractor* in writing in a timely manner of receipt of any claim and of the intention of *Canada* to withhold funds. At any time thereafter and until payment is made to the claimant, the *Contractor* may be entitled to post, with *Canada*, security in a form acceptable to *Canada* in an amount equal to the value of the claim, and upon receipt of such security *Canada* shall release to the *Contractor* any funds that would be otherwise payable to the *Contractor*, that were withheld pursuant to the provisions of this clause in respect of the claim of any claimant for whom the security stands.
- 5.9 Right of Setoff
- 5.9.1 Without limiting any right of setoff or deduction given or implied by law or elsewhere in the *Contract*, *Canada* may set off any amount payable to *Canada* by the *Contractor* under the *Contract*, or under any current contract, against any amount payable to the *Contractor* under the *Contract*.
- 5.9.2 For the purposes of paragraph 5.9.1 of GC5.9, "current contract" means a contract between *Canada* and the *Contractor*
- .1 under which the *Contractor* has an undischarged obligation to perform or supply *Work*, labour or *Material*; or
 - .2 in respect of which *Canada* has, since the date of the *Contract*, exercised any right to take the *Work* that is the subject of that contract out of the *Contractor's* hands.
- 5.10 Assessments and Damages for Late Completion
- 5.10.1 For the purposes of this clause
- .1 the *Work* shall be deemed to be completed on the date of the *Final Certificate of Completion*; and
 - .2 the "period of delay" means the number of days commencing on the day fixed for completion of the *Work* and ending on the day immediately preceding the day on which the *Work* is completed but does not include any day within a period of extension granted pursuant to GC6.5, "Delays and Extension of Time", and any other day on which, in the opinion of the *DCC Representative*, completion of the *Work* was delayed for reasons beyond the control of the *Contractor*.
- 5.10.2 If the *Contractor* does not complete the *Work* by the day fixed for its completion but completes it thereafter, the *Contractor* shall pay *Canada* an amount equal to the aggregate of
- .1 all salaries, wages and travelling expenses incurred by *Canada* in respect of persons overseeing the performance of the *Work* during the period of delay;

GENERAL CONDITIONS

- .2 the cost incurred by *Canada* as a result of the inability to use the completed *Work* for the period of delay; and
 - .3 all other expenses and damages incurred or sustained by *Canada* during the period of delay as a result of the *Work* not being completed by the day fixed for its completion.
 - 5.10.3 *Canada* may waive the right of *Canada* to the whole or any part of the amount payable by the *Contractor* pursuant to paragraph 5.10.2 of GC5.10 if, in the opinion of *Canada*, it is in the public interest to do so.
- 5.11 Delay in Making Payment
 - 5.11.1 Notwithstanding GC1.5, "Time of the Essence", any delay by *Canada* in making any payment when it is due pursuant to GC5 shall not be a breach of the *Contract* by *Canada*.
 - 5.11.2 Subject to paragraph 5.11.3 of GC5.11, *Canada* shall pay to the *Contractor* simple interest at the Average Bank Rate plus 3 percent per annum on any amount that is overdue pursuant to paragraph 5.1.3 of GC5.1, and the interest shall apply from and include the day such amount became overdue until the day prior to the date of payment.
 - 5.11.3 Interest shall be paid without demand by the *Contractor* except that
 - .1 in respect of amounts that are less than thirty (30) days overdue, no interest shall be paid in respect of payment made within such thirty (30) days unless the *Contractor* so demands after such amounts have become due and payable; and
 - .2 interest shall not be payable or paid on overdue advance payments, if any.
- 5.12 Interest on Settled Claims
 - 5.12.1 For the purposes of this clause, a claim means a disputed amount subject to negotiation between *Canada* and the *Contractor* under the *Contract*.
 - 5.12.2 A claim is deemed to have been settled when an agreement in writing is signed by *Canada* and the *Contractor* setting out the amount of the claim to be paid by *Canada* and the items of *Work* for which the said amount is to be paid.
 - 5.12.3 A settled claim is deemed to be outstanding from the day immediately following the date the said claim would have been due and payable under the *Contract* had it not been disputed.
 - 5.12.4 *Canada* shall pay to the *Contractor* simple interest on the amount of a settled claim at the Average Bank Rate plus 3 percent per annum from the date the settled claim was deemed to be outstanding until the day prior to the date of payment.
- 5.13 Return of Security Deposit
 - 5.13.1 After an *Interim Certificate of Completion* has been issued, and if the *Contractor* is not in breach of nor in default under the *Contract*, *Canada* shall

GENERAL CONDITIONS

return to the *Contractor* all or any part of a Security Deposit that, in the opinion of the *DCC Representative*, is not required for the purposes of the *Contract*.

- 5.13.2 After a *Final Certificate of Completion* has been issued, the *DCC Representative* shall return to the *Contractor* the remainder of any security deposit unless the *Contract* stipulates otherwise.
- 5.13.3 If the security deposit was paid into the Consolidated Revenue Fund of Canada, *Canada* shall pay interest thereon to the *Contractor* at a rate established pursuant to section 21(2) of the Financial Administration Act.

GC6 – DELAYS AND CHANGES IN THE WORK

6.1 Changes in the *Work*

- 6.1.1 At any time before issuance of a *Final Certificate of Completion*, the *DCC Representative* may issue orders for additions, deletions or other changes to the *Work*, or changes in the location or position of the whole or any part of the *Work*, if the addition, deletion, change or other revision is deemed by the *DCC Representative* to be consistent with the general intent of the *Contract*.
- 6.1.2 An order referred to in paragraph 6.1.1 of GC6.1 shall be in writing and given to the *Contractor* in accordance with GC2.3, "Notices".
- 6.1.3 Upon receipt of an order, the *Contractor* shall promptly perform the *Work* in accordance with the order as if the order had appeared in and been part of the original *Contract*.
- 6.1.4 If anything done or omitted by the *Contractor* pursuant to an order increases or decreases the cost of the *Work* to the *Contractor*, payment for the *Work* shall be made in accordance with GC6.4, "Determination of Price".

6.2 Changes in Subsurface Conditions

- 6.2.1 If, during the performance of the *Work*, the *Contractor* encounters subsurface conditions that are substantially different from the subsurface conditions described in the tender documents supplied to the *Contractor*, or a reasonable assumption of fact based thereon, the *Contractor* shall give notice to *Canada* immediately upon becoming aware of the situation.
- 6.2.2 If the *Contractor* is of the opinion that the *Contractor* may incur or sustain any extra expense or any loss or damage that is directly attributable to the changed subsurface conditions, the *Contractor* shall within ten (10) days of the date the changed subsurface conditions were encountered, give *Canada* written notice of intention to claim for that extra expense, loss or damage.
- 6.2.3 If the *Contractor* has given a notice referred to in paragraph 6.2.2 of GC6.2, the *Contractor* shall give *Canada* a written claim for extra expense, loss or damage no later than thirty (30) days after the date that an *Interim Certificate of Completion* is issued.
- 6.2.4 A written claim referred to in paragraph 6.2.3 of GC6.2 shall contain a sufficient description of the facts and circumstances of the occurrence that is the subject

GENERAL CONDITIONS

of the claim to enable *Canada* to determine whether or not the claim is justified, and the *Contractor* shall supply such further and other information for that purpose as *Canada* requires.

- 6.2.5 If *Canada* determines that a claim referred to in paragraph 6.2.3 of GC6.2 is justified, *Canada* shall make an extra payment to the *Contractor* in an amount that is calculated in accordance with GC6.4, "Determination of Price".
- 6.2.6 If, in the opinion of *Canada*, the *Contractor* effects a saving of expenditure that is directly attributable to a substantial difference between the information relating to subsurface conditions at the site of the *Work* that is contained in the tender documents, or a reasonable assumption of fact based thereon, and the actual subsurface conditions encountered by the *Contractor*, the *Contract Amount* shall be reduced by the amount of the saving of expenditure determined in accordance with GC6.4, "Determination of Price".
- 6.2.7 If the *Contractor* fails to give a notice referred to in paragraph 6.2.2 of GC6.2 and a claim referred to in paragraph 6.2.3 of GC6.2 within the times stipulated, an extra payment shall not be made to the *Contractor* in respect of the occurrence.
- 6.2.8 *Canada* does not warrant the content expressed in any subsurface report available for the perusal of the *Contractor* that does not form part of the tender and *Contract* documents.
- 6.3 Human Remains, Archaeological Remains and Items of Historical or Scientific Interest
- 6.3.1 For the purposes of this clause
- .1 "human remains" means the whole or any part of a deceased human being, irrespective of the time of death;
 - .2 "archaeological remains" are items, artefacts or things made, modified or used by human beings in antiquity and may include, but not be limited to, stone, wood or iron structures or monuments, dump deposits, bone artefacts, weapons, tools, coins, and pottery; and
 - .3 "items of historical or scientific interest" are naturally occurring or manufactured objects or things of any age that are not archaeological remains but may be of interest to society because of their historical or scientific significance, value, rarity, natural beauty, or other quality.
- 6.3.2 If, during the course of the *Work*, the *Contractor* encounters any object, item or thing which is described in paragraph 6.3.1 of GC6.3 or which resembles any object, item or thing described in paragraph 6.3.1 of GC6.3, the *Contractor* shall
- .1 take all reasonable steps, including stopping *Work* in the affected area, to protect and preserve the object, item or thing;
 - .2 immediately notify the *DCC Representative* of the circumstances in writing; and

GENERAL CONDITIONS

- .3 take all reasonable steps to minimize additional costs that may accrue as a result of any work stoppage.
 - 6.3.3 Upon receipt of a notification in accordance with paragraph 6.3.2.2 of GC6.3, *Canada* shall promptly determine whether the object, item or thing is one described in, or contemplated by paragraph 6.3.1 of GC6.3, and the *DCC Representative* shall notify the *Contractor* in writing of any action to be performed, or *Work* to be carried out, by the *Contractor* as a result of *Canada's* determination.
 - 6.3.4 *Canada* may, at any time, enlist the services of experts to assist in the investigation, examination, taking of measurements or other such recordings, placing of permanent protection around or removing of the object, item or thing encountered by the *Contractor*, and the *Contractor* shall, to the satisfaction of *Canada*, allow them access and co-operate with them in the carrying out of their duties and obligations.
 - 6.3.5 Human remains, archaeological remains and items of historical or scientific interest encountered at the site of the *Work* shall be deemed to be the property of *Canada*.
 - 6.3.6 Except as may be otherwise provided for in the *Contract*, the provisions of GC6.4, "Determination of Price", and GC6.5, "Delays and Extension of Time", shall apply.
- 6.4 Determination of Price
 - 6.4.1 Price Determination Prior to Undertaking Changes
 - .1 If a *Lump Sum Arrangement* applies to the *Contract* or a part thereof, the price of any change shall be the aggregate estimated cost of labour, *Plant* and *Material* that is required for the change as agreed upon in writing by the *Contractor* and *Canada* plus an allowance for supervision, co-ordination, administration, overhead, margin and the risk of undertaking the *Work* within the stipulated amount, which allowance shall be equal to
 - .1 20% of the aggregate costs referred to *herein* for that portion of the *Work* done by the *Contractor's* own forces, if the aggregate cost of the *Work* does not exceed \$50,000;
 - .2 15% of the aggregate costs referred to *herein* for that portion of the *Work* that is done by subcontract, if the aggregate cost of the *Work* does not exceed \$50,000; or
 - .3 a negotiated percentage of the aggregate costs referred to *herein* or a negotiated amount

GENERAL CONDITIONS

items, units of measurement, estimated quantities and prices per unit to the *Unit Price Table*.

- .3 A price per unit referred to in paragraph 6.4.1.2 of GC6.4.1 shall be determined on the basis of the aggregate estimated cost of labour, *Plant* and *Material* that is required for the additional item as agreed upon by the *Contractor* and the *DCC Representative*, plus an allowance determined in accordance with paragraph 6.4.1.1 of GC6.4.1.
- .4 To facilitate approval of the price of the change or the additional price per unit as applicable, the *Contractor* shall submit a cost estimate breakdown identifying, as a minimum, the estimated cost of labour, *Plant*, *Material*, each *subcontract Amount*, and the amount of the allowance.
- .5 If no agreement is reached as contemplated in paragraph 6.4.1.1 of GC6.4.1, the price shall be determined in accordance with GC6.4.2.
- .6 If no agreement is reached, as contemplated in paragraphs 6.4.1.2 and 6.4.1.3 of GC6.4.1, the *DCC Representative* shall determine the class and the unit of measurement of the item of labour, *Plant* or *Material* and the price per unit shall be determined in accordance with GC6.4.2.

6.4.2 Price Determination Following Completion of Changes

- .1 If it is not possible to predetermine, or if there is failure to agree upon the price of a change in the *Work*, the price of the change shall be equal to the aggregate of
 - .1 all reasonable and proper amounts actually expended or legally payable by the *Contractor* in respect of the labour, *Plant* and *Material* that fall within one of the classes of expenditure described in paragraph 6.4.2.2 of GC6.4.2, that are directly attributable to the performance of the *Contract*;
 - .2 an allowance for profit and all other expenditures or costs, including overhead, general administration costs, financing and interest charges, in an amount that is equal to 10% of the sum of the expenses referred to in paragraph 6.4.2.1.1 of GC6.4.2; and
 - .3 interest on the amounts determined under paragraphs 6.4.2.1.1 and 6.4.2.1.2 of GC6.4.2 calculated in accordance with GC5.12, "Interest on Settled Claims";
- .2 The cost of labour, *Plant* and *Material* referred to in paragraph 6.4.2.1.1 of GC6.4.2 shall be limited to the following categories of expenditure:
 - .1 payments to Subcontractors and Suppliers;
 - .2 wages, salaries, bonuses and, if applicable, travel and lodging expenses of employees of the *Contractor* located at the site of the *Work* and that portion of wages, salaries, bonuses and, if applicable, travel and lodging expenses of personnel of the *Contractor* generally employed at the head office or at a general office of the *Contractor*

GENERAL CONDITIONS

provided they are actually and properly engaged on the *Work* under the *Contract*;

- .3 assessments payable under any statutory authority relating to workers' compensation, employment insurance, pension plan or holidays with pay, provincial health or insurance plans, environmental reviews, and GST/HST collection costs;
- .4 rent that is paid for *Plant*, or an amount equivalent to the said rent if the *Plant* is owned by the *Contractor*, that is necessary for and used in the performance of the *Work*, if the rent or the equivalent amount is reasonable and use of that *Plant* has been approved by the *DCC Representative*;
- .5 payments for maintaining and operating *Plant* necessary for and used in the performance of the *Work*, and payments for effecting repairs thereto that, in the opinion of the *DCC Representative*, are necessary for the proper performance of the *Contract*, other than payments for any repairs to the *Plant* arising out of defects existing before its allocation to the *Work*;
- .6 payments for *Material* that is necessary for and incorporated in the *Work*, or that is necessary for and consumed in the performance of the *Contract*;
- .7 payments for preparation, delivery, handling, erection, installation, inspection, protection and removal of the *Plant* and *Material* necessary for and used in the performance of the *Contract*; and
- .8 any other payments made by the *Contractor* with the approval of the *DCC Representative* that are necessary for the performance of the *Contract* in accordance with the *Contract Documents*.

6.4.3 Price Determination – Variations in Tendered Quantities

- .1 Except as provided in paragraphs 6.4.3.2, 6.4.3.3, 6.4.3.4 and 6.4.3.5 of GC6.4.3, if it appears that the final quantity of labour, *Plant* and *Material* under a price per unit item shall exceed or be less than the estimated tendered quantity, the *Contractor* shall perform the *Work* or supply the *Plant* and *Material* required to complete the item and payment shall be made for the actual *Work* performed or *Plant* and *Material* supplied at the price per unit set out in the *Contract*.
- .2 If the final quantity of the price per unit item exceeds the estimated tendered quantity by more than 15%, either party to the *Contract* may make a written request to the other party to negotiate an amended price per unit for that portion of the item which exceeds 115% of the estimated tendered quantity, and to facilitate approval of any amended price per unit, the *Contractor* shall, on request, provide the *DCC Representative* with
 - .1 detailed records of the actual cost to the *Contractor* of performing or supplying the tendered quantity for the price per unit item up to the time the negotiation was requested; and

GENERAL CONDITIONS

- .2 the estimated unit cost of labour, *Plant* and *Material* required for the portion of the item that is in excess of 115% of the tendered quantity.
 - .3 If agreement is not reached as contemplated in paragraph 6.4.3.2 of GC6.4.3, the price per unit shall be determined in accordance with GC6.4.2.
 - .4 If it appears that the final quantity of labour, *Plant* and *Material* under a price per unit item shall be less than 85% of the estimated tendered quantity, either party to the *Contract* may make a written request to the other party to negotiate a change to the price per unit for the item if
 - .1 there is a demonstrable difference between the unit cost to the *Contractor* of performing or supplying the estimated tendered quantity and the unit cost to the *Contractor* for performing or supplying the final quantity; and
 - .2 the difference in unit cost is due solely to the decrease in quantity and not to any other cause.
 - .5 For the purposes of the negotiation referred to in paragraph 6.4.3.4 of GC6.4.3
 - .1 the onus of establishing, justifying and quantifying a proposed change lies with the party making the request for negotiation; and
 - .2 in no event shall the total price for an item that has been amended as a result of a reduction in quantity pursuant to paragraph 6.4.3.4 of GC6.4.3 exceed the amount that would have been payable to the *Contractor* had 85% of the tendered quantity actually been performed or supplied.
- 6.5 Delays and Extension of Time
- 6.5.1 Upon application of the *Contractor* made before the date first fixed for completion of the *Work* or before any other date previously fixed under this clause, *Canada* may extend the time for completion of the *Work* by fixing a new date if the *DCC Representative* determines that causes beyond the control of the *Contractor* have delayed its completion.

 - 6.5.3 Subject to paragraph 6.5.4 of GC6.5, no payment, other than a payment that is expressly stipulated in the *Contract*, shall be made by *Canada* to the *Contractor* for any extra expense, loss or damage incurred or sustained by the *Contractor* due to delay, whether or not the delay is caused by circumstances beyond the control of the *Contractor*.
 - 6.5.4 If the *Contractor* incurs or sustains any extra expense or any loss or damage that is directly attributable to any neglect or delay that occurs after the date of the *Contract* on the part of *Canada* in providing any information or in doing any act that the *Contract* either expressly requires *Canada* to do or that would ordinarily be done by an owner in accordance with the practice of the trade, the

- 6.5.5 When the *Contractor* has given a notice referred to in paragraph 6.5.4 of GC6.5, the *Contractor* shall give *Canada* a written claim for the extra expense, loss or damage no later than thirty (30) days after the date that a *Final Certificate of Completion* is issued and not afterwards.
- 6.5.6 A written claim referred to in paragraph 6.5.5 of GC6.5 shall contain a sufficient description of the facts and circumstances of the occurrence that is the subject of the claim to enable *Canada* to determine whether or not the claim is justified and the *Contractor* shall supply such further and other information for that purpose as *Canada* may require.
- 6.5.7 If *Canada* determines that a claim referred to in paragraph 6.5.5 of GC6.5 is justified, *Canada* shall make an extra payment to the *Contractor* in an amount that is calculated in accordance with GC6.4, "Determination of Price".
- 6.5.8 If the *Contractor* fails to give a notice referred to in paragraph 6.5.4 and a claim referred to in paragraph 6.5.5 of GC6.5 within the times stipulated, an extra payment shall not be made to the *Contractor* in respect of the occurrence.

- 7.1.1 By giving notice in writing to the *Contractor* in accordance with GC2.3, "Notices", *Canada*, without any other authorization, may take all or any part of the *Work* out of the *Contractor's* hands, and may employ such means as *Canada* sees fit to have the *Work* completed if the *Contractor*

- 7.1.2 If the whole or any part of the *Work* is taken out of the *Contractor's* hands, the *Contractor's* right to any further payment that is due or accruing due under the

GENERAL CONDITIONS

Contract is, subject only to paragraph 7.1.3 of GC7.1, extinguished, and the *Contractor* is liable to pay *Canada*, upon demand, an amount that is equal to the amount of all loss and damage incurred or sustained by *Canada* in respect of the *Contractor's* failure to complete the *Work*.

- 7.1.3 If the whole or any part of the *Work* that is taken out of the *Contractor's* hands is completed by *Canada*, *Canada* may pay the *Contractor* the amount, if any, of the holdback or a progress claim as determined by *Canada* that had accrued and was due prior to the date on which the *Work* was taken out of the *Contractor's* hands and that is not required for the purposes of having the *Work* performed or of compensating *Canada* for any other loss or damage incurred or sustained by reason of the *Contractor's* default.
- 7.1.4 The taking of the *Work* or any part *thereof* out of the *Contractor's* hands does not relieve the *Contractor* from any obligation under the *Contract* or imposed by law except the obligation to complete the performance of that part of the *Work* that was taken out of the *Contractor's* hands.
- 7.1.5 If the *Work* or any part *thereof* is taken out of the *Contractor's* hands, all *Plant* and *Material* and the interest of the *Contractor*, or its suppliers or subcontractors at any tier, in all real property, licences, powers and privileges acquired, used or provided by the *Contractor*, or its suppliers or subcontractors at any tier, under the *Contract* shall continue to be the property of *Canada* without compensation.

- 7.1.7 If the *Contractor* has become insolvent or has committed an act of bankruptcy, and has either made a proposal to its creditors or filed a notice of intention to make such a proposal, pursuant to the Bankruptcy and Insolvency Act, the *Contractor* shall immediately forward a copy of the proposal or the notice of intention to *Canada*.
- 7.2 Suspension of *Work*
- 7.2.1 When, in *Canada's* opinion, it is in the public interest to do so, *Canada* may require the *Contractor* to suspend performance of the *Work* either for a specified or an unspecified period, by the *DCC Representative* giving a notice of suspension in writing to the *Contractor* in accordance with GC2.3, "Notices".
- 7.2.2 When a notice of suspension is received by the *Contractor*, the *Contractor* shall suspend all operations in respect of the *Work* except those that the *DCC Representative* determines are necessary for the care and preservation of the *Work*, *Plant* and *Material*.
- 7.2.3 During a period of suspension, the *Contractor* shall not remove any part of the *Work*, *Plant* or *Material* from its site without the consent of the *DCC Representative*.

GENERAL CONDITIONS

- 7.2.4 If a period of suspension is sixty (60) days or less, the *Contractor* shall resume the performance of the *Work* on the expiration of that period, and the *Contractor* is entitled to be paid the extra costs necessarily incurred by the *Contractor* as a result of the suspension, determined in accordance with GC6.4, "Determination of Price".
- 7.2.5 If a period of suspension is more than sixty (60) days, *Canada* and the *Contractor* may agree that the performance of the *Work* shall be continued by the *Contractor*, and the *Contractor* shall resume performance of the *Work* subject to any terms and conditions agreed upon by *Canada* and the *Contractor*. If *Canada* and the *Contractor* do not agree that performance of the *Work* shall be continued by the *Contractor*, or upon the terms and conditions under which the *Contractor* shall continue the *Work*, the notice of suspension shall be deemed to be a notice of termination pursuant to GC7.3, "Termination of *Contract*".
- 7.3 Termination of *Contract*
- 7.3.1 *Canada* may terminate the *Contract* at any time by the *DCC Representative* giving a notice of termination in writing to the *Contractor* in accordance with GC2.3, "Notices".

- 7.3.3 Subject to paragraph 7.3.4 of GC7.3, if the *Contract* is terminated, *Canada* shall pay the *Contractor* an amount determined to be due to the *Contractor* pursuant to GC6.4, "Determination of Price", less the aggregate of all amounts that were paid to the *Contractor* by *Canada* and all amounts that are due to *Canada* from the *Contractor* pursuant to the *Contract*.
- 7.3.4 In no event shall the total amount payable by *Canada* to the *Contractor* exceed the amount, calculated in accordance with GC5, "Terms of Payment", that would have been payable to the *Contractor* had the *Contractor* completed the *Work*.
- 7.3.5 Payment to the *Contractor*, if any, shall be made as soon as practicable under the circumstances.
- 7.4 Security Deposit – Forfeiture or Return
- 7.4.1 If the *Work* is taken out of the *Contractor's* hands or the *Contractor* is in breach of, or in default under, the *Contract*, *Canada* may convert a security deposit to *Canada's* own use.
- 7.4.2 If *Canada* converts a security deposit, the amount realized shall be deemed to be an amount due from *Canada* to the *Contractor* under the *Contract*.
- 7.4.3 Any balance of the amount realized that remains after payment of all losses, damage and claims of *Canada* and others shall be paid by *Canada* to the *Contractor* if, in the opinion of *Canada*, it is not required for the purposes of the *Contract*.

8.11.17 Default

- .1 Where, without showing sufficient cause, the claimant fails to communicate its statement of claim in accordance with these Rules or within such further period of time permitted by the Tribunal under these Rules, the Tribunal shall issue an order terminating the arbitral proceedings with respect to that claim.
- .2 An order made under 8.11.17.1 of GC8.11.17 does not affect a counterclaim made in respect of those arbitral proceedings.
- .3 Where, without showing sufficient cause, the respondent fails to communicate a statement of defence in accordance with these Rules, or

GENERAL CONDITIONS

within such further period of time permitted by the Tribunal under these Rules, the Tribunal shall continue the arbitral proceedings without treating that failure in itself as an admission of the claimant's allegations.

8.11.18 Arbitral Decision

All deviations from the contract specifications or drawings in respect to the design, function, dimensions, composition or method of manufacture applying to material or equipment being offered for "acceptance" must be fully described. Deviations will only be permitted if noted in the amendment.

4. **CONDITIONS OF ACCEPTANCE**

Acceptance of alternative materials or equipment by the reviewer shall not relieve the Contractor from respecting all existing stipulations noted in the contract documents or accepting all consequential additional costs which may result from the use of the accepted material or equipment, whether they are apparent or not at the time of acceptance.

5. **DISTRIBUTION**

The Request for Acceptance form and all pertinent, technical supporting data must be distributed to the DCC Contracting Authority.

6. **INQUIRIES**

Inquiries concerning the Request of Acceptance process should be addressed to the DCC Contracting Authority listed on the MERX advertisement.

PERFORMANCE EVALUATION GUIDELINES

1 INTRODUCTION

- 1.1 Contracts put in place by DCC include measurable performance standards and requirements.
- 1.2 This document describes the performance evaluation review process that applies to all DCC contracts.
- 1.3 The performance evaluation has several benefits:
 - 1.3.1 It provides all parties with a common understanding of the standards applied and method used to measure performance on DCC contracts.
 - 1.3.2 It supports the monitoring and communication of performance throughout the contract in a fair and consistent manner.
 - 1.3.3 It enables DCC to acknowledge good performers and to take appropriate actions with firms who are not meeting the requirements of a contract.

2 PERFORMANCE EVALUATION PROCESS

- 2.1 Contractor/Consultant/ Design-Builder Performance Evaluation Report Forms (CPERF/ DBPERF) have been developed to support the various types of DCC contracts. The applicable CPERF/DBPERF is referenced within the contract documents.
- 2.2 Prior to Completion, “Interim” CPERF(s)/ DBPERF(s) may be completed by DCC to communicate and document performance issues. A “Final” CPERF/ DBPERF will be completed and issued following Completion of the contract or when work is removed from the firm as a result of a default.
- 2.3 A “Final” CPERF/ DBPERF may be re-issued at the end of the warranty period if there has been a failure by the firm to action any warranty-related work.
- 2.4 On design consultant contracts, an Interim CPERF will be issued at the end of the Design Phase and the Tender Phase, followed by a Final CPERF when Construction Phase Services are completed.
- 2.5 Each category of performance is evaluated with consideration to the minimum criteria listed in Annex A to the CPERF/ DBPERF. Specific comments will be provided to support all scores that fall outside the 11 to 16 scale, while general comments are provided in support of scores falling within the 11 to 16 scale.

3 PERFORMANCE EVALUATION CRITERIA

- 3.1 The performance evaluation criteria are summarized in Table 1 below. The points allocated for each category are noted on the CPERF/ DBPERF and are used to establish an overall percentage score.

Table 1-Performance Evaluation Criteria

Contractor (CN, SC & FM)	Administration/ Contract Management	Execution / Project Management	Quality of Workmanship	Timeliness	Health & Safety	Industrial Security
Consultant (KN)	Administration/ Management	Cost Control	Quality of Work / Design/Study	Time	Quality of TPS / CPS / Quality of Result	Industrial Security
Design-Builder (MDB)	Quality of PM Services	Quality of Design Services	Quality of Work	Timeliness	Health & Safety	Industrial Security

PERFORMANCE EVALUATION GUIDELINES

4 ACTIONS RESULTING FROM AN “Unacceptable” SCORE OR FAILING CPERF

- 4.1 Bidding privileges will be suspended if:
 - 4.1.1 A CPERF/ DBPERF score is less than 30%; or
 - 4.1.2 A point score of 5 or less is received in any single category on a CPERF/ DBPERF.
- 4.2 CPERFs/ DBPERFs with a score of less than 51% overall will result in the issuance of:
 - 4.2.1 A warning indicating that if another unsatisfactory rating is received it will result in a suspension of bidding privileges; or
 - 4.2.2 A suspension of bidding privileges (for a 2nd score less than 51%).
- 4.3 Suspension of bidding privileges will be conveyed to the suspended firm as a formal notice in writing from a DCC Senior Manager. The “Suspension” letter will include specific reference to the categories of poor performance, the duration of the suspension and the requirements for reinstatement. Suspensions may be limited to a specific timeframe or may be indefinite. For bidding privileges to be reinstated the timeframe of the suspension must have expired (if applicable) and the firm must demonstrate that they have met the requirements for reinstatement.

5 APPEAL PROCESS

- 5.1 While an appeal of a “Suspension” letter is under review, the suspension of bidding / opportunity privileges is upheld.
- 5.2 The appeal must be submitted to the National Director, Contract Management in writing, within ten (10) business days of receiving an unsatisfactory CPERF/ DBPERF.
- 5.3 The National Director, Contract Management will review the appeal and may request additional information from the firm if required. 1. CONTEXT AND PURPOSE

- 1.1 Defence Construction Canada (DCC) is a Crown corporation that was created pursuant to the [Defence Production Act](#) for the specific purpose of delivering defence infrastructure projects for which it serves as the contracting authority on behalf of the Department of National Defence, the Canadian Armed Forces and the Communications Security Establishment.
- 1.2 DCC is committed to open, fair and transparent procurement and real property transactions. A strong government-wide Integrity Regime has been put in place by Public Services and Procurement Canada (PSPC) to ensure that the Government does business with ethical suppliers in Canada and abroad. This regime helps to foster ethical business practices, ensure due process for suppliers and uphold the public trust in the procurement process.
- 1.3 DCC's Procurement Code of Conduct (PCC) incorporates by reference PSPC's [Ineligibility and Suspension Policy](#) and any directives issued further to the policy, which form part of the Integrity Regime. The policy sets out when and how a supplier may be declared ineligible or suspended from doing business with the government.
- 1.4 The PCC provides suppliers with a clear statement of expectations to ensure a basic understanding of their responsibilities during the procurement process as well as throughout the implementation of the work.
- 1.5 The PCC reflects the [Ineligibility and Suspension Policy](#) and is framed by the principles set out in the [Financial Administration Act](#), the [Criminal Code](#), the [Competition Act](#) and the [Lobbying Act](#), as well as other relevant legislative, regulatory and policy instruments relating specifically to procurement.
- 1.6 By providing a single point of reference to key responsibilities, DCC is making the measures easier to find and understand in light of an overall commitment to the highest standards of ethical conduct. The PCC will be reviewed as necessary to ensure DCC continues to meet this objective.

2. THE PROCUREMENT PROCESS: OPENNESS, FAIRNESS AND TRANSPARENCY

- 2.1 At DCC, fairness, openness and transparency are assured through compliance or alignment with relevant legislation, regulations, agreements, policies and guidelines, including the [Financial Administration Act](#), the [Government Contracts Regulations](#), the [Public Servants Disclosure Protection Act](#), various Treasury Board of Canada Secretariat policies and Canada's international and domestic trade agreements, such as the World Trade Organization's [Agreement on Government Procurement](#), the [North American Free Trade Agreement](#) and the [Agreement on Internal Trade](#). In addition, DCC's procurement activities are governed by land claims agreements with Canada's Aboriginal peoples.
- 2.2 In addition to the legal provisions, the tenets of fairness, openness and transparency are amplified in DCC's procurement policies and procedures, including DCC's [Code of Business Conduct](#) for employees.

3. APPLICATION

- 3.1 The PCC applies to suppliers who, in relation to the procurement of goods, services, real property or construction, have submitted, or may submit, an offer to contract or who have been awarded a contract by DCC. Suppliers are persons, which includes individuals,

organizations, bodies corporate, societies, companies, firms, partnerships, associations of persons, parent companies or subsidiaries, whether partly or wholly-owned, as well as directors, officers and key employees.

- 3.2 Further, a person is a supplier's affiliate if, directly or indirectly, either one controls the other, a third party controls both, both are under common control or both are controlled by third parties that are affiliated with each other. Refer to the definitions of "affiliate" and "control" in the [Ineligibility and Suspension Policy](#).
- 3.3 Specific classes of contracts are exempt from the application of the [Ineligibility and Suspension Policy](#). Refer to the policy for more details.

4. RESPONSIBILITIES OF DCC EMPLOYEES

- 4.1 DCC employees are committed to adhering to DCC's [Code of Business Conduct](#) as well as the Treasury Board of Canada Secretariat's [Values and Ethics Code for the Public Sector](#). DCC's [Code of Business Conduct](#) covers such issues as values and ethics, standards of conduct and conflict of interest.

5. RESPONSIBILITIES OF SUPPLIERS

- 5.1 Suppliers must respond to DCC's bid solicitations in an honest, fair and comprehensive manner, accurately reflect their capacity to satisfy the requirements stipulated in the bid or contract documents, and submit bids and enter into contracts only if they will fulfill all obligations of the contract.
- 5.2 Suppliers are obliged to alert DCC of any factual errors that they discover in bid solicitations and of any changes affecting the list of names of directors or owners during the contract period.
- 5.3 Suppliers, potential suppliers and their affiliates are prohibited from:
 - 5.3.1 directly or indirectly, paying or agreeing to pay a contingency fee to any individual for the solicitation, negotiation or obtaining of the contract if the payment of the fee would require the individual to file a return under section 5 of the [Lobbying Act](#);
 - 5.3.2 corruption, collusion, bid-rigging or any other anti-competitive activity under the [Competition Act](#) in the bidding process, real property transactions, the performance of work, the supply of goods or the rendering of services;
 - 5.3.3 any activity that has resulted or could result in being convicted of an offence under any of the provisions listed in the [Ineligibility and Suspension Policy](#).
- 5.4 Suppliers shall comply with applicable Government of Canada security and confidentiality requirements.
- 5.5 To help ensure that the entire procurement process conforms to the highest standards of ethical conduct, suppliers are required to avoid any action that would jeopardize the ability of DCC's employees to respect their obligations under DCC's [Code of Business Conduct](#). While it is impossible to foresee every situation that could give rise to a real, perceived or potential conflict of interest, suppliers should, for example, not offer or give DCC employees gifts, hospitality or other benefits that may have a real or perceived influence on their objectivity in carrying out their official duties or that may place them under a real or perceived obligation to the donor.

- 5.6 A supplier that is bidding on, or has been awarded, a contract must abide by the obligations contained in the PCC, which form part of the contract.
- 5.7 A supplier shall comply, to the satisfaction of PSPC, with the terms and conditions of an administrative agreement entered into with PSPC pursuant to the [Ineligibility and Suspension Policy](#).

6. PERIOD OF INELIGIBILITY OR SUSPENSION

- 6.1 The period of ineligibility or suspension for contract award for a supplier or potential supplier is determined pursuant to the [Ineligibility and Suspension Policy](#).

7. PUBLIC INTEREST EXCEPTION

- 7.1 The Public Interest Exception applies in circumstances where DCC determines that entering into a contract with an ineligible or suspended supplier is in the public interest.
- 7.2 The reasons for invoking a Public Interest Exception include, but are not limited to, the following:
 - 7.2.1 no other supplier is capable of performing the contract;
 - 7.2.2 there is an emergency;
 - 7.2.3 national security is at issue;
 - 7.2.4 the health and safety of the Canadian population is at issue; and
 - 7.2.5 there is a risk of harm to the economy.
- 7.3 The exception is applied on a case-by-case basis by DCC.
- 7.4 When a Public Interest Exception is invoked, an administrative agreement between PSPC and the supplier is required.

8. TREATMENT OF EXISTING CONTRACTS AFTER CONVICTION

- 8.1 If a supplier is convicted of an offence under any of the provisions listed in the [Ineligibility and Suspension Policy](#) during the performance of a contract, DCC retains the right to terminate the contract or real property agreement for default. Suppliers will be afforded an opportunity to show cause as to why the termination should not be exercised.
- 8.2 An administrative agreement between the supplier and PSPC will be required if a decision is taken to not terminate the contract or real property agreement. This will require third party monitoring of the terms of the agreement.

9. SUBCONTRACTORS

- 9.1 A supplier cannot enter into a contract with an ineligible or suspended subcontractor. Refer to the process described in the [Ineligibility and Suspension Policy](#) to verify the status of prospective first-tier subcontractors.
- 9.2 Should a supplier require the services of an ineligible or suspended subcontractor, they will have to obtain the advance written approval of DCC.

- 9.3 Any supplier that knowingly enters into a contract with an ineligible or suspended subcontractor without obtaining the advance written approval of DCC will be declared ineligible in accordance with the [Ineligibility and Suspension Policy](#).
- 9.4 Suppliers must ensure that contracts with first-tier subcontractors include provisions to abide by the obligations contained in the PCC.

10. REMEDIES

- 10.1 Any disputes regarding the interpretation or application of the PCC should first be resolved using the dispute resolution clauses in the contracts. DCC will consider all alternative dispute resolution mechanisms that are appropriate to a situation, including facilitated negotiation, mediation and non-binding or binding arbitration, before considering litigation.
- 10.2 The Canadian International Trade Tribunal (CITT) has jurisdiction to conduct inquiries into complaints by potential suppliers concerning DCC procurements that are covered by trade agreements. Potential suppliers, who believe they may have been unfairly treated during the solicitation or evaluation of bids, or in the awarding of contracts subject to the trade agreements, may lodge a formal complaint with the CITT. The CITT, which is a court of record and has, as regards evidence and the enforcement of its orders, all powers of a superior court of record, may review all aspects of a procurement action up to and including contract award.

11. ADMINISTRATION

- 11.1 The [Ineligibility and Suspension Policy](#), as it applies to DCC's procurement activities, is administered jointly by DCC and PSPC pursuant to a Memorandum of Understanding, which governs the duties and responsibilities of each party.

12. PUBLIC LIST

- 12.1 PSPC produces and maintains a public [Ineligibility and Suspension List](#). The list contains the names of suppliers, other than individuals, that were determined to be ineligible, or have been suspended, under the Integrity Regime. For information regarding ineligible or suspended individuals, inquiries must be made to the [Registrar of Ineligibility and Suspension](#).
