Schedule of Prices

The first table is a Summary Table which shows the pricing tables for the various components of work to be completed, goods to be provided and/or services to be performed and specifies whether or not the pricing table is Mandatory. A red exclamation mark in the right-hand column of the Summary Table indicates that the Bidder/Proponent must enter pricing information in that pricing table prior to submitting its Bid/Proposal. A green check mark in the right-hand column of the Summary Table indicates that all of the required pricing has been entered for that pricing table.

An asterisk in a column header of a pricing table indicates that the requested information must be submitted in that column for all items in the table. An asterisk at the end of a row indicates that all requested information must be submitted for that line item.

Bidders/Proponents must insert prices for all mandatory items. If a Bidder/Proponent cannot provide any mandatory item, it shall not submit a Bid/Proposal. If an item is not mandatory and is not being bid on, it should be left blank. If a Bidder/Proponent inserts a price of \$0.00 for any item, it will be required to provide that item at no cost to the Region.

If a pricing table is specified as Non-Mandatory in the Summary Table, but contains a red exclamation mark in the right hand column, Bidders/Proponents must either opt out of providing information in the table by clicking in the "Opt Out" field, or enter all required information in the table.

If there are multiple pricing tables you must click on the "Edit" button in the Summary Table for the pricing table that you wish to bid on in order to access that pricing table.

Once you have entered your prices in a pricing table click on the "Save My Bid" button. The sub-total for each pricing table will appear in the Summary Table.

All prices submitted shall be in Canadian funds. Prices shall exclude Harmonized Sales Tax ("HST"), but shall include all other taxes and duties, as well as any reduction in the Bidder's/Proponent's operating costs due to rebating of any sales taxes. All payments made under the Contract will be subject to HST only.

Any qualifications to pricing shall result in the rejection of your bid.
