ADDENDUM #003

Alterations to St. Therese CES Tender #T24-009

CLOSING DATE & TIME: Thursday May 16, 2024, on or before 2:00 P.M.

This Addendum forms part of the tender and amends the documents and is to be read, interpreted, and coordinated with all other parts.

- Question 1: The new entrance canopy may not be completed prior to September and it was noted that the school can access from the side doors, however will there be a requirement for a covered egress hoarding at the front entrance during construction?
- Answer 1: The Intent of the Tender is to have the new proposed canopy and renovations to the main entrance completed to a level of occupancy for the scheduled occupancy date provided in the Tender Documents. Should the Contractor not be able achieve such timelines, a safe exiting structure (Hoarding) would be required for emergency exiting, by the General Contractor. The Building owner would redirect occupants to use an alternate entrance door during this temporary period.
