**1. REVISIONS**

- 2) Please Porous Paving. Refer to attached drawing LP-5 for porous paving detail and spec 32 12 42.

**2. QUESTIONS**

**Q1** – On drawing A1.1, note C5 says to install new shades at all existing windows (typ.), normally when we see "typ." it means shades in all windows, not just the ones that are indicated. On the drawing, only Rooms 154, 152, 151 and 156 shows C5's in the windows, but Meeting 129, Offices 125, 126, 127, 128, 101, 103, 101, 109 & 112 don't have any C5's in the windows.

**A1** – All window in Area 1 - Offices will use existing rollershades. Note C5 only applies to windows in Area 2 - Family Resource Centre.

**Q2** – In the spec. for film (08 80 00), they mention a film by 3M and say to refer to Door & Screen Schedule. It says GF in the legend for film, but I don't see any GF's on the Door and Screen Schedule, nor on the drawings, where can I find the film scope?

**A2** – Under the door schedule legend on A0.1, there is a note stating, "Glazing Film GF at 1219mm AFF." This applies to the full height glazing lites at Door C, Door D and Door E.
