

POWDER COATED
LOCKERS

hadrian[®]

Since its founding in 1983, Hadrian has been an environmentally responsible corporate citizen. Care for the environment is important in all that Hadrian does, so you can feel good about choosing our products.

✓ **QUALITY YOU CAN COUNT ON**

Hadrian’s unique locker design features a rigid double-pan, full height piano hinge, durable powder coated finish and many other intelligent features to ensure they will look and perform great in any facility. Trust Hadrian for quality you can count on.

🕒 **FAST LEAD TIMES**

On time and intact means no job site surprises. With superior packaging and fast on time deliveries, your Hadrian lockers will be there when you need them—damage-free!

♻️ **ENVIRONMENTALLY FRIENDLY**

Hadrian’s powder coated lockers have an excellent recycled content of 50% (36% post-consumer and 14% pre-consumer), making them a great choice for environmentally sensitive projects. In addition to the high recycled content of the steel, Hadrian is proud of the fact that its powder coating system is environmentally friendly. There is virtually no waste, energy consumption is low, and there are no solvent emissions.

🔥 **OUTSTANDING FIRE RESISTANCE**

Fire resistance is an important consideration for any public space. Hadrian’s powder coated metal lockers are completely fireproof and will not give off toxic smoke if exposed to heat or flame.

Powder Coated Tough!

LATEST TECHNOLOGY

Hadrian utilizes the latest powder coating technology to apply a hard, even and run-free finish that covers every area of the product and resists impact, abrasions, chemicals, detergents and acids. The flexibility of powder coating allows Hadrian to offer a wide range of exciting finishes, including special effects, anti-graffiti and custom colors.

RUST RESISTANT

Powder coated cold rolled steel (which is Hadrian's standard for lockers—with no upcharge) outperforms and resists rust better than liquid painted electro-galvanized steel (which is an upcharge option for other manufacturers). For the ultimate in rust resistant lockers, Hadrian's upcharge option features a full galvaneal product with our superior powder coated finish.

Thicker paint application helps to combat rust. Powder coating allows for a greater paint thickness to be applied without compromising surface uniformity. Wet paints simply cannot achieve the same thickness without the threat of unsightly runs and surface irregularities.

Anti-Graffiti Finish

KEEP YOUR LOCKER AREA LOOKING LIKE NEW

Hadrian's anti-graffiti finish for lockers allows the use of commercial graffiti removers to completely eliminate graffiti without causing damage to the finish. The powder coating retains its original brilliance and no ghost of the graffiti is left behind.

PROVEN ASTM D6578 GRAFFITI RESISTANCE AGAINST:

- Permanent markers
- Lipstick
- Water based ink markers
- Wax crayons
- Spray paint

Emperor

CORRIDOR LOCKERS

 Custom color shown

The clean lines, durability and smooth, quiet operation of Emperor lockers make them the ideal choice for virtually any facility. Available in a wide range of sizes, tiers and designer colors, Emperor lockers are an attractive and effective storage solution.

Features

DURABLE POWDER COATED FINISH

- Powder coating outperforms other paint processes by applying a hard, even and run-free finish.
- Powder coating is standard on all Hadrian lockers—without an upcharge.
- Doors and frames may be two-toned at no extra charge.

RIGID DOOR CONSTRUCTION

- Doors feature a full 1" (25 mm) thick double pan welded box design for improved rigidity and durability.
- Emperor locker doors are reinforced with a honeycomb panel core for added impact resistance and silence when closing.

QUIET OPERATION

- The rigid double pan door design and honeycomb core (spanning the complete width and height of the door) make Hadrian lockers the quietest available.

FULL-LENGTH CONTINUOUS PIANO HINGE

- This standard Hadrian feature outperforms knuckle hinge designs by adding durability and keeping the door perfectly adjusted.

SINGLE POINT LATCHING WITH NO MOVING PARTS

- With no moving parts to replace, Hadrian's single point latching system is a maintenance dream. There are no slide bars, springs, or latch hooks needed, so doors remain properly adjusted and trouble-free.
- Friction catch is standard.

UNOBSTRUCTED VENTILATION

- Louvers in the frame allow for constant, unobstructed air flow that cannot be blocked.
- Perforations in the shelves increase air circulation.

INCREASED DURABILITY (WITH OPTIONAL HEAVY-DUTY DOOR)

- The long lasting durability of Emperor lockers can be further increased with an optional 16-gauge outer pan in the door.

EASY TO INSTALL

- Hadrian's unique 2 1/2" (64 mm) deep frame allows installers more room to work.
- Identically formed and rigid 22 gauge locker tops, hat shelves and bottom shelves are fully interchangeable.
- Your choice of rivets or nuts and screws for assembly.
- Use of rivets for assembly drastically decreases installation time.
- Rivets offer extra strength and a tamper-proof fastening solution.

SHORT LEAD TIMES

- Hadrian exceeds industry standards with short, reliable lead times that you can count on. Hadrian's expedited Locker Express Program (at no additional charge) helps you complete rush projects on schedule.

EMPEROR LOCKERS

🔧 Emperor Locker Sizes

Hadrian's Emperor line of corridor lockers is a versatile system that is available in a wide range of colors, sizes and tiers to meet the storage needs of virtually any facility. Emperor lockers feature Hadrian's rigid double-pan, honeycomb filled door design and intelligent frame venting system, which allows air to flow freely throughout the entire locker without being blocked by interior contents.

HOW TO READ OUR SIZE CHARTS:

1 Choose locker height: 

2 Check available dimensions (width and depth).

SINGLE TIER

Available heights: ● 72" 1829 mm ● 60" 1524 mm ● 48" 1219 mm ● 39 991 mm

DOUBLE TIER

Available heights: ● 72" 1829 mm ● 60" 1524 mm ● 48" 1219 mm

TRIPLE TIER

Available heights: ● 72" 1829 mm ● 60" 1524 mm

FOUR TIER

Available heights: ● 72" 1829 mm ● 60" 1524 mm

FIVE TIER

Available heights: ● 60" 1524 mm

SIX TIER

Available heights: ● 72" 1829 mm
