**Questions & Answers:**

**Question # 1:**

Please clarify if egress through exterior doors is to be maintained during the cap beading and replacement of perimeter seals at windows scope of work at exterior door locations, or if bidders can block exterior doors for the duration of cap beading and seal replacement work

**Answer # 1:**

Egress through exterior doors to be maintained at all times, however, the double door can be converted to a single door for a short duration.

**Question # 2:**

Please clarify if there are any working restrictions for exterior sealing work. (i.e. can sealing work proceed at a window location that has an active class?) Please also clarify if there are any blanket work restriction periods where no work in the building should be performed (i.e exam week(s)). –

**Answer # 2:**

Window sealing work to not disturb an active class at that location. No noisy work during exam period, please refer to UTM Exam Schedule.
