

Addendum #1

Issued February 27, 2025

The following information changes the competitive process documents issued on February 25, 2025.

QUESTIONS AND RESPONSES

Q1 Advantage Sport would like to have our Tarkett Omnisports MultiFlex included in section 096566 - Resilient Athletic Flooring as an equivalent to the current product specified. We have worked with the school board for the past 20 years supply and installing sports flooring. We have completed gym floor installations at several different schools over the years. Some examples are Balaclava PS, Adelaide Hoodless PS, Princess of Whales, Chedoke PS, Millgrove PS and many more. I will email Evelina Fortuna, CPPB a comparison chart to share with the architect and project manager.

R1 Tarkett Omnisports MultiFlex has been approved as an equivalent.
