

See the following pricing per portable for the moves you are hoping to do in the near future.

\$18,350.00 +HST / portable

Please note this quote includes:

- Portable and site inspections
- The removal of all factory exterior seams (end wall seams, roof ridge cap)
- The dismantle of the portable including making it weathertight for transportation
- The transportation of each half
- The re-installation at the new school
 - Includes installing on wood piers (supplying new if necessary)
 - Levelling and bolting the modules together
 - Installing ridge cap for roof seal.
 - 4 hurricane anchors
 - Utility locates

This quote does not include:

- Removal of skirting, stairs or landings
- Installation of skirting, stairs or landings
- Electrical disconnections from outside and between the seam of the two halves of the portable
- Any other utility disconnections

Thank you,
