Date: XX.XX.XXXX

Page | 1

1. GENERAL NOTES:

1. Read Colour Schedule in conjunction with full specifications, drawings and Room Finish Schedule.

2. It is the sub trades' responsibility to review Colour Schedule and bring to the attention of the Consultant any discrepancies, errors or inconsistencies. Those proceeding with work are responsible to correct mistakes.

3. Where specified products have more than one approved manufacturer, color selections are indicated for each manufacturer. Where products are single sourced, alternates will be allowed that match visually and of equal or superior quality. Substitute will be subject to the approval of the Consultant.

4. Where flooring has a direction/ pattern the subtrade must confirm Consultants intent prior to installing. Those proceeding without written confirmation will be responsible to correct mistakes.

6. Sub trades must confirm colour choices with designer prior to ordering materials. Those proceeding without approval will be responsible to correct mistakes.
