Except where otherwise expressly agreed, the Bid Document shall be deemed to remain in effect throughout the Contract.

The Bid Document shall define and limit the scope of any contractual or other legal rights in favour of any Bidder or subcontractor flowing from the Bid Document or the submission or acceptance of any Bid.

It is the exclusive responsibility of each Bidder to submit a complete Bid in accordance with this Bid Document.

- b) Bidders are cautioned that the timing of their Bid Submission is based on when the Bid is received by the Bidding System, not when a Bid is submitted by a Bidder. The Bidder should be aware Bid transmission can be delayed due to technological problems such as, file transfer size, transmission speed, etc.
- c) For the above reasons, the City recommends that the Bidder allows sufficient time to upload their Bid Submission and attachment(s) (if applicable) and to resolve any issues that may arise. The Bidder assumes sole responsibility associated with submitting a Bid on time. The closing time and date shall be determined by the City’s Bidding System web clock.
- d) The Bidding System will send a confirmation email to the Bidder advising that their Bid was submitted successfully. If the Bidder does not receive a confirmation email, they are advised to contact the Purchasing Department immediately. Bidders should contact the Buyer listed at least twenty-four (24) hours prior to the Deadline for Submission, if they encounter any problems.
- e) Late Bids will not be accepted by the City’s Bidding System.

- g) To ensure receipt of the latest information and updates via email regarding this Bid or if a Bidder has obtained this Bid Document from a third party, the onus is on the Bidder to create a Bidding System vendor account and register as a plan taker for the bid opportunity at: [Current Bid Opportunities](#).
- h) Bidders may edit or withdraw their Electronic Bid Submission prior to the closing time and date. However the Bidder is solely responsible for ensuring the re-submitted bid is received by the Bidding System prior to the Deadline for Submission.

- b) The closing time shall be determined by the Bidding System web clock.

Questions submitted after the Deadline for Question period, as posted on the Bidding System, may not be given consideration. The City's decision is final in this regard.

- a) The City reserves the right at any time prior to the award of the Contract:

Bidders should check online at: [Current Bid Opportunities](#) prior to submitting their Bid and up until Bid closing time and date in the event additional addenda are issued.

Note: Additional Company contacts are recommended for the reasons outlined below:

- Bidders are strongly urged when creating or updating a Bidding System Vendor account to add additional company contacts to create their own login to the Bidding System. This will permit the company’s invited contacts that have created their own login to manage (register, submit, edit and withdraw) Bids for which the Bidder is a Registered Plan Taker. In the event the company contacts are on vacation or unavailable due to illness etc., these additional contacts may act on the company’s behalf and have the authority to receive addendum notifications from the Bidding System and, where permitted by the terms and conditions of the Bid Document, to submit Bids electronically through the Bidding System and/or withdraw, edit and/or acknowledge addendum/addenda, on the company’s behalf.
 - The Bidder should not invite any additional contacts within the company that the company does not want to have access to view, edit, submit and/or Withdraw Bid Submissions or who may be in direct competition (for example, a company may have two divisions that could compete for the same Bid Opportunity).

The City will not be held accountable or liable to any prospective Bidder for the submission of a non-compliant Bid or a Bid that has been automatically withdrawn as a result of the Bidder failing to monitor and respond to the Bidding System Notices, and/or any technological issues that may arise such as the Bidder not receiving email updates.
